

Health and Safety Policy Statement

If you employ more than five members of staff, it is a legal requirement to have a Health and Safety Policy Statement. A health and safety policy statement sets out how you manage health and safety within your workplace. It demonstrates your businesses attitude towards health and safety and the steps, arrangements and systems you have in place to ensure you comply with Health and Safety legislation. If you employ less than five staff, it is still good practice to complete a Health and Safety Policy Statement.
